English Department Curriculum Overview

Curriculum Overview

English underpins all other subjects. It has social, political and moral implications with Literature enabling students of all background and abilities to become better thinkers, empathetic human beings and citizens who demonstrate core values.

Our aim is to ensure students are exposed to a wide variety of literature and develop and practice their skills in reading, writing, speaking and listening. Our intent is to foster passion for learning and love for literature across all key stages through the enthusiasm and expertise of high-quality teachers with plenty of opportunities for discussion, as we place a high value on each student's personal response. The English department is passionate that students develop their cultural capital to appreciate English Literature and English Language in context through schemes of learning and enrichment opportunities.

Our curriculum is sequenced so that students revisit and build key skills in reading and writing as they progress from KS3 to KS4 and onto KS5. In each year, students study poetry, drama and a prose text, plus a Shakespeare text in addition to creative writing and non-fiction writing.

English is taught in mixed ability groups from years 7-11. All classes follow the topics outlined on the curriculum overview. In years 7 and 8, prose, drama and Shakespeare units are taught in rotation with the exception in year 9 where it is only prose and drama. The units at KS3 build students' skills, knowledge and subject terminology in preparation for KS4. The units at KS4 build students' skills knowledge and subject terminology in preparation for KS5.

At KS5 we currently offer English Literature which extends and develops students love of literature and their ability to express themselves in formal, structured arguments and discussion.
